Breeze AI Bootcamp

HubSpot AI Training & Consulting for Teams Ready to Scale Smart

Don't just experiment with AI — operationalize it.

Service Overview

The Breeze AI Bootcamp is a 3-tier service offering designed to:

- Train your team on Breeze AI, Copilot, and HubSpot-native agents
- Help you build your internal AI system, not just use AI tools
- Deliver custom SOPs, implementation strategies, and rollout plans
- Offer expert consulting on ChatGPT, Claude, Gemini, and other advanced models

$500
Tier 1: Breeze AI Foundations

- 1-hour virtual training
- Breeze AI overview, use cases, and portal setup
- Best practices for adoption
- Customizable AI policy template
- **Timeline: 2 - 4 weeks**

Covers Copilot for all tiers & Breeze Agents for Pro or Enterprise hubs.

$2,000
Tier 2: Breeze AI Accelerator

- Everything in Tier 1 +
- 1 additional training session + 2 consulting sessions (4 calls total)
- Customized SOPs for each Breeze AI tool
- Use case planning + AI policy finalization
- Rollout roadmap
- **Timeline: 4 - 6 weeks**

Only available for Pro & Enterprise hubs. (Breeze Agents required).

$5,000
Tier 3: AI Mastery Program

- Everything in Tier 1 & 2
- 2 consulting hours with an AI expert
- Custom LLM Training (ChatGPT, Gemini, Claude, Perplexity & more)
- LLM project development coaching
- Post-launch support calls
- **Timeline: 5 - 8 weeks**

Note: HubSpot Pro & Enterprise only.

This AI Bootcamp helps marketing, sales, and service teams confidently adopt and implement AI in HubSpot and beyond, turning curiosity into scalable, practical execution.

HubSpot is embedding AI into every layer of the platform — and Bluleadz is **all in.**

The Breeze AI Bootcamp aligns with HubSpot's vision and helps teams go from "we should use AI" to "here's our full AI adoption roadmap."
